COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Alexandria, VA 22313-1450

Dear Sir:

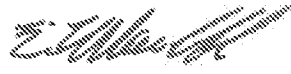

Applicant notes that, as acknowledged by the Examiner in the Detailed Action mailed 12 June 2007, claims 1-45 are pending in the application. However, only claims 1-38 were indicated as being allowed. Claims 39-45 were not addressed. Since claims 39-45 are each dependent claims, and depend from claims that have been indicated as allowable, it is believed that those claims (39-45) are also in an allowable state. This view was confirmed in a telephone conversation between Examiner Chase and Applicant's representative on 12 September 2007.

Applicant respectfully disagrees with the Examiner's statement of reasons for allowance as set forth in the communications mailed on June 12, 2007. The Applicant concurs with the Examiner's conclusion that the prior art does not suggest or render obvious the claimed invention. However, Applicant submits that it is the claim as a whole, rather than any particular limitation, that makes each of the claims in the above-identified application allowable. No single limitation should be construed as the reason for allowance of a claim because it is each of the elements of the claim that distinguish the claim from the prior art and make it allowable.
